

Testimonials from the Clients on "ROMDAS Service CLINIC" encourages us to go that extra mile to ensure that our esteemed clients are satisfied with our product and services.

Testimonial from Aadharshila, Udaipur

Dear Neeraj Sir,

I would like to convey my sincere thanks for the ROMDAS Clinic which you organised in Gurgaon. You always say "we care" and this Clinic was a manifestation of the same. We honestly have been very satisfied with the quality of service you have been providing after the supply of Network Survey Vehicle equipped with upgraded version of LCMS, however this event far above our expectation...

Good going! Congratulations to you and your team

With Best Regards,
Kishan Vachhani

Testimonial from G-Eng, Gurgaon

Dear Neeraj

I have been thinking of writing to you regarding the ROMDAS Clinic which you organised from 3rd to 9th August. ROMDAS Service Clinic, was great idea conceptualised by Complete Instrumentation. Very happy to see that there are companies in this field of instrumentation who "care" about their customers and the products they have supplied. Our team at G-Eng is very happy with the support which was provided by you and your team. Keep up the good job!

Testimonial from Mahamarg, Gurgaon

Dear Neeraj ji

At the outset our sincere thanks for organizing " ROMDAS Service Clinic" which not only addressed the small issues which we had but also gave an opportunity to our engineers to get their technical queries related to analysis addressed. We would say " A wonderful concept....could not have expected this from anyone, but CISPL, who are always at the forefront when it comes to after Sales Service.. Great job!"

Regards

Testimonial from Sterling, Jaipur

Dear Neeraj Sir,

Thanks for organising the ROMDAS Clinic. A great idea! We really benefitted from the same. What was surprising was that your team was ever eager to help in spite of the fact that there were so many NSV's which turned up to the Clinic. Was really happy to see that your team was full of energy even at 1 am in the morning and trying to make the best of the time they had at their disposal. Working from 9 am to 2 am the next day, continuously for 7 days, speaks volumes about the dedication of your team. Congratulations to the CISPL team!

Regards

Lucky Kumar
